How to influence the LNRS

Influence why → **Pressures, threat, challenges, opportunities**
Workshops 1 (morning session) and online survey

To identify what are the **key issues** the LNRS needs to address and the opportunities it needs to realise

Influence (the potential) what → **Priorities longlist**
Workshops 1 (afternoon session) and online survey

To identify what **outcomes** the county would like to see for nature – a **"wish list"** informed by threats and opportunities

Influence what → **Priorities shortlist**
Workshops 2 (Apr/May) and online survey
(plus sector specific engagement)

Focussing attention and resources on **prioritised outcomes** to deliver the greatest benefits.

Influence how → **Potential measures**
Action for nature mapping (Feb-Mar), workshops 2 (April/May) and online survey
(plus sector specific engagement)

The **actions** needed to deliver the shortlisted outcomes – the activities that attention and resources will be directed to.

Influence where → **Mapping areas that could become of importance for biodiversity**
Online mapping tool (summer), workshops 3 (Sept) and online survey
(plus sector specific engagement)

The **areas** where effort and resources should be concentrated to restore habitat, to achieve the most for biodiversity and the wider environment.
